Dedication Coming In November

The Board of Education of the West Chicago Elementary Schools District No. 33 plans to hold a brief dedication exercise and visitation period, for the new Indian Knoll School from 2:00 p.m. to 4:00 p.m. on Sunday, November 5, 1967. The speaker for the program will be Mr. Ray Hosteland, First Assistant County Superintendent of Schools. The public is invited to attend the meeting.

If you were a kid in 1967...

Or watched some TV...

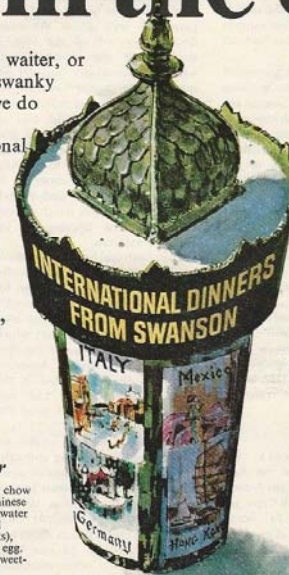

The only place to watch a movie was at the movie theater...

Back home,
Mom might
have fixed you
a frozen dinner
after heating it
up in the oven.

A world away from the everyday

We can't provide a fancy waiter, or reserve you a table at a swanky foreign restaurant. But we do promise that now with these Swanson International Dinners you can bring authentic, foreign-style foods right to your table—whenever you're in the mood for something easy but very different. Try these delicious frozen dinners. In any language, you can Trust Swanson.

Chinese Style Dinner

Enjoy chicken chow mein (with Chinese bean sprouts, water chestnuts, and bamboo shoots), fried rice with egg. There's even sweet-sour sauce for the shrimp.

Italian Style Dinner

Authentic lasagna with meat and ricotta cheese. Also chopped spinach Italiane and famous Tortoni pudding. Even juicy apple and peach slices.

Mexican Style Dinner

You get a big, beef enchilada and two beef tamales, in a fiesta meaty sauce. Mexican rice and frijoles refritos, too. Plus authentic pepper sauce.

German Style Dinner

With a generous helping of sauerbraten, spätzle, and Bavarian red cabbage. And—a final sweet touch—prune and apricot compote.

The very first home microwave was introduced in 1967. It cost \$495 and could cook a hamburger in 35 seconds. Most homes did not have a microwave until the 1990s.

\$495 in 1967
is the same as
\$3,636.17
in today's
dollars.

First Flight: Boeing 737

Boeing's new, smaller airplane was nicknamed "Baby Boeing". It had its first flight on April 9, 1967.

The 737 is the best-selling commercial aircraft in aviation history.

In the last 50 years....

...Boeing 737s have carried more than **16.8 billion passengers**; that is equivalent to every single man, woman and child flying at least twice. (2012 world population was 7 billion).

...Boeing 737s have flown more than **115 billion miles**; equivalent to approximately 624 round trips from the earth to the sun.

...Boeing 737s have flown more than **180 million flights**.

...Boeing 737s have flown more than **257.6 million flight hours**; the equivalent to one airplane flying more than 29,416 years nonstop.

Pretty amazing!

The Space Race

In the 1950s and 1960s, the United States and the Soviet Union were competing to be the best at space travel. This was called "The Space Race."

In 1967, the United States launched **Lunar Orbiter 3** (pictured top right). It was a spacecraft that was designed to take pictures of the Moon's surface. The pictures helped scientists find safe landing spots for future space missions.

To the right is a picture of the Kepler crater on the Moon. This picture was taken by Lunar Orbiter 3.
